The Four Season Family

Simple Garden System Grows the Gardener in You
with these Great Tools:

The **Maintenance Fact Pack** is an info filled fun resource that is your garden helper:

- Seasonal garden checklist for year-round harvest
- Go-to gardening basics to grow with
- Healthy living soil for a healthy you
- Harvesting tips for the yummiest food
- And more!

Four Season Starter Seed Pack

9 individually packaged varieties:

- For Spring & Fall: lettuce, radish, spinach
- For Summer: 2 tomatoes, cucumber and zucchini
- For Fall & Winter: kale, cabbage

Rock Dust Mineral Soil Supplementation is used all over the world for trace mineral fertilization. It contains the broadest profile of Earth's elements.

Trace minerals are:

- critical nutrition for healthy plants & people
- only made bio-available to us by plants
- only made bio-available to plants by **living soil**
- depleted in food supply by agricultural practices that deplete **life of soil** (tilling, herbicides, pesticides, chemical fertilization)
- depleted in soils by erosion and construction
- Is a major reason home grown food tastes better
- Will last 8-10 years in your garden!

Garden Coaching

- Get Personal Guidance in your garden.
- Have someone show you what to do in your garden.
- Score a professional working alongside you, teaching you as they go.
- Learn the tips and tricks that come up when in the garden.
- Gain on hands on knowledge.

Four Season Deluxe Seed Pack

25 total varieties! - 16 additional individually packaged varieties with your Deluxe or Elite :

- For Spring & Fall: arugula, peas, beets, carrots, broccoli, leeks, lettuce
- For Summer: sweet pepper, pumpkin, corn, bean, tomato
- For Fall/Winter: collards, chard, lettuce, turnip

Locally grown, chemical-free plants,

With the Elite, add even more varieties to you garden. They could include:

- Spring: tat soi, cauliflower, brussels sprouts, chard, lettuce
- Summer: winter squash, melons, tomatillo, eggplant, tomato, chiles, sweet peppers, okra, summer squash
